

How does the Community & Children's Resource Board (CCRB) serve St. Charles County?

Since 2004, the CCRB has collaborated with non-profit agencies to ensure mental health and substance use treatment services are available to improve the quality of life for children, youth, and families in St. Charles County.

For every dollar spent in St. Charles County, 1/8 of a cent is dedicated to services for St. Charles County children and teens, up to 19 years of age. The CCRB oversees the administration, allocation, and distribution of funds from this local sales tax.

Efficient funding and high-quality services contribute to St. Charles County consistently ranking in the Top 10 for overall child well-being by Missouri Kids Count.
