

How does the CCRB serve St. Charles County youth?

Since 2004, the CCRB has collaborated with non-profit agencies to ensure mental health and substance use treatment services are available to improve the quality of life for children, youth, and families in St. Charles County.

For every dollar spent in St. Charles County, 1/8 of a cent is dedicated to services for St. Charles County children and teens, up to 19 years of age. The CCRB oversees the administration, allocation, and distribution of funds from this local sales tax.

Thousands of children have access to free mental health treatment annually. Outcomes show:

- ⇒ improved school performance
- ⇒ fewer juvenile justice interactions
- ⇒ and increased signs of emotional well-being.

The CCRB invested \$7.9 million in services during 2022.

65 programs are funded in 2023.
